

About Chrisland

Chrisland Education Organisation is a conglomerate of schools providing quality, sound and high standard education for Nursery, Primary and Secondary School students drawn from the length and breadth of Nigeria, but with facilities situated in Lagos State.

The first Chrisland School was founded on 3rd October 1977 by a renowned and visionary educationist, High Chief Dr. (Mrs.) Winifred Adefolahan Awosika, OON, at No 2A Ladipo Oluwole Avenue, Ikeja. What started as a mere seed has since blossomed into a huge oak tree. The school, founded on the cherished principles of love, discipline and fear of God, indeed increased in population of pupils and students tremendously and this consequently demanded for expansion and development of additional infrastructures.

Sequel to this happy development, a new school was opened at 26, Opebi Road, Ikeja to meet the growing needs of people yearning for good education.

Our Vision

Our vision is to be at the forefront of the private Education sector and to nurture children to become all they can be through quality all-round education from Kindergarten to Tertiary Level.

Our Objectives

Our goal, simply put, is a child-centered education for the realization of maximum self-discovery and development in life, through personal attention to each child. This is carried out through the three basic sectors of learning: cognitive, affective and psychomotor.
